

AMENDMENTS TO THE SPECIFICATION

In the Specification

Please substitute the following amended paragraph(s) and/or section(s) (deleted matter is shown by strikethrough and added matter is shown by underlining):

Page 2, line 4-line 5:

Depending on the application, it can prove to be practical to integrate ~~the exposure device~~
a light source 12 into the main carrier element, as well.

This amendment has been made to more clearly convey the meaning of the translated term.
